Pull your own Pint

We have seven Booths / Tables which are available to book, each table has a set of taps which allow you to pour your own perfect pints of Carlsberg or Guinness.

We also have our expert bar staff on hand to offer training and tips on how to pull that perfect pint.

Want to know more about how the tables work or how you track your usage and bill? Then give us a call or drop into the bar and talk to a member of staff for more details.

Ever wanted to pull your own pints and really control your party experience? Well, now you can. Pull up a bar stool at a table with your very own beer tap. Not sure you'd know where to start? Don't worry - a few quick lessons from our resident bar tenders and you'll be pulling pints like a pro in no time!
